The YMCA Difference

People have known and trusted the YMCA for years. The YMCA has existed in North America for 150 years and is Canada's largest provider of licensed child care. For over 125 years the Owen Sound Family YMCA has been creating opportunities for the development of individuals, families and communities. We are a diverse values based organization committed to the delivery of quality programs and the personal growth of individuals.

At the Family YMCA, we know and understand that all children are individuals and families have different needs and interests. The Family YMCA Child Care is committed to building a supportive network as we work together with families to provide children with positive and happy childhood years.

SUBSIDIZED SPACES

There are limited subsidized spaces available in all our Child Care programs. Please feel free to inquire regarding these spaces.

F E E S

Our fees are comparable with other Child Care programs in the community. We strive to give parents the best quality programming. Please contact the centre nearest you for more information. Receipts will be issued for income tax purposes.

OUR RESPONSIBILITY

The Owen Sound Family YMCA is a non-profit charitable association, that operates under the direction of a volunteer Board of Directors and management staff. The Family Y has been providing licensed care for children since 1965. Since our beginning we have continued to respond to the community needs by developing centres throughout our region. We now provide programs for children from 18 months to 6 years in our child care centres and from J.K to 12 years in our before and after school programs.

Philosophy

The Family YMCA Child Care programs foster a child's growth and development along with a desire to explore and learn, through the YMCA Playing to Learn Curriculum. The curriculum allows staff to build upon and plan for activities that will inspire a child to explore their interests in in-depth ways, while the concept is still of significant importance to them. Fostering a child's sense of discovery, research and problem solving enables children to explore and learn in new and different ways. Our goal is to encourage children to become life long learners. The quality of our programs cannot be overvalued, because it will significantly impact children's development and well-being, their educational opportunities, even their future career success.

Y CHILD CARE

Your child will experience a program designed to provide individual attention and loving encouragement, from our fully qualified E.C.E., nurturing staff.
