	Jim Hanna	()
	Don Murray	()
	Carl Sloetjes	()
Administrator	Mary Rose Walden	()
Clerk	Sonya Watson	(A)
Treasurer	Jodi MacArthur	()

OTHERS PRESENT:

8.0 DRINKING WATER & WASTE WATER

8.2 Bob Street Extension

We have received pricing for the extension of the Bob Street municipal servicing from the South Delhi street intersection to the property line of 62 Bob Street, a distance of approximately 70 meters.

Option 1 is the extension of the existing 200mm (8") sanitary sewer trunk line and the 150mm (6") watermain to the individuals property line at a cost of approximately \$38,000 plus HST, not including final road restoration estimated at an additional \$10,000. This would also allow for future development to occur in the area.

Option 2 is the installation of an individual 25mm (1") water line and 125mm (5") sanitary line to the property line. Estimated cost is \$27,000 plus HST, and again does not include final road restoration. While this would satisfy the needs of a single individual, it would require re-digging of the South Delhi street intersection and upsizing of the water and sanitary service lines if future development were to occur.

STAFF COMMENTS: We have spoken to the potential developer and offered to pay the difference between the two options as well as the road restoration work. Total cost being absorbed by the municipality would be \$21,000 plus HST on the total projects. Mr. Bala has offered to pay \$25,000. He would also like the municipality to pay for deeming the lots together, approximately \$500 to \$800. Mr. Bala will be in attendance tonight to answer any questions Committee may have. We seek your direction.
