Properly Dispose of Single-Use Masks

Masks are essential for stopping the spread of COVID-19 during the pandemic and they have become an every day accessory. However, the excessive amount of single-use disposal masks has become an environmental concern.

Canada's Chief Public Health Officer Dr. Theresa Tam raised concerns over litter from face masks and disposable gloves.

Dr. Tam recommends:

- Single use masks be replaced as soon as they get damp, soiled or crumpled.
- Disposed of properly in a lined garbage bin.
- Do not leave discarded masks in shopping carts or on the ground where other people may come into contact with them.

Let's do our part to protect the environment and properly dispose of face masks and gloves.
