

Huron-Kinloss Snow Plowing

What's Changing for Winter 2020/2021

Starting this winter, Township of Huron-Kinloss Staff will maintain all roads along the Lakeshore and in Ripley rather than contracting these services as we have for many years.

Canadian winters can be harsh, and we appreciate your patience as our crews work to clear, maintain and provide safe routes of travel this winter in this new way.

Snow clearing times may fluctuate while we adjust; however, our staff will be working hard to maintain the same high-level of service.

Starting this winter, the following roads will be maintained by Township staff:

- All local roads in the community of Ripley (not including Huron Street and Queen Street, which are maintained by the County of Bruce)
- All municipally owned roads west of Lake Range Drive, including Lake Range Drive

With these changes, you may notice...

- Your street is plowed earlier or later than expected
- Times may slightly fluctuate during the first few snow falls
- Sidewalk maintenance and snow clearing will not be impacted by this change.

To report a problem or concern...

- Please use our new Huron-Kinloss Connects mobile App or web portal.
- Download the mobile app from the Google Play or Apple App Store
- Visit the Report a Problem web portal at www.huronkinloss.com.

Huron-Kinloss Connects - Mobile App

- Once you have downloaded the mobile app, please make an account - you can submit some requests anonymously and your information will not be used for any other purposes.
- Touch the big orange button on the homepage of the app. Take a photo of the issue (if possible) and choose the problem from a list of categories.
- Provide as much information as you can so we can deal with the issue promptly and efficiently. We'll keep you updated with the progress of your request and let you know when it's been resolved.
